NYSSPE PEC PROJECT OF THE YEAR AWARD

To acknowledge accomplishments of the engineering profession by recognizing those entities involved with outstanding engineering achievements that have captured the innovative and dynamic spirit of a profession dedicated to public service.

Nominations may include a specific engineered end product such as a building, dam, roadway, bridge, site improvement, product, or any worthy project that meets a human, environmental, or social need for the residents of the state of New York. All nominated projects must have been either completed or under construction in the calendar year preceding the year of nomination. Only projects located in New York State and designed by U.S. firms with offices located in New York State are eligible for nomination.

Please complete the online submission form to nominate a project. Provide external links to supporting materials and/or a concise description of your nomination for review in the "Contributions warranting this award" Section of the online submission form. Include supporting economic impact or public safety improvements, and a list of key team members including the Registered Professional Engineer(s) involved in the project.
